

Meeting Agenda

Date: 2014-05-24

Facilitator: Jacob Genander

Participants: Daniel Jansson, David MichaÅ«lsson, Erik Pihl

1. Objectives (5 min) Resolve any issues preventing the team to continue (this should be possible to verify at next meeting, short clear description, use issues from project site).

We are pretty much done, so there is nothing preventing us from continuing.

A button should be changed.

Sounds should be changed.

Images should be added.

2. Reports (15 min) From previous meetings, (un)solved issues,

etc. , see also 4

TODOs are now resolved. Unnecessary comments have been removed.

All useful tests have been created.

Tower prices are now displayed correctly.

Tower ranges are now displayed correctly.

Bullets are now directed towards the center of an enemy's image.

All necessary tower images have been created.

3. Discussion items (35 min)

No discussion items.

4. Outcomes and assignments (5 min)

David will change the button.

Jacob will change the sounds.
Jacob and Daniel will add images.

5. Wrap up

There will be no more meetings.
